R_x for Health

NAME Jerry Goodwall

CONDITION:

*Recovering from a stroke;
Needs significant rehabilitation*

PHYSICIAN RECOMMENDATIONS:

- 1. Participate in the MI Health Link program for persons enrolled in both Medicare and Medicaid. Under this program, a team will coordinate Jerry's care and ensure that he receives speech therapy. A social worker will be assigned to help Jerry find a suitable place to live. The team will track his care and monitor progress with a special patient portal developed specifically for MI Health Link.*
- 2. Benefits of MI Health Link:*
 - Coordinates Jerry's primary care, specialists, and behavioral health providers*
 - Jerry can set his own health and life goals*
 - Jerry's progress is easily measured and tracked*
 - Health Information Technology supports care team*

SIGNATURE _____

My Goals:

- 1. Get through speech therapy exercises*
- 2. Find an affordable assisted living facility*
- 3. Get well enough to play euchre with my buddies*
