

# Jessica Campbell

**35-year old stay-at-home mom of twin preschool girls**

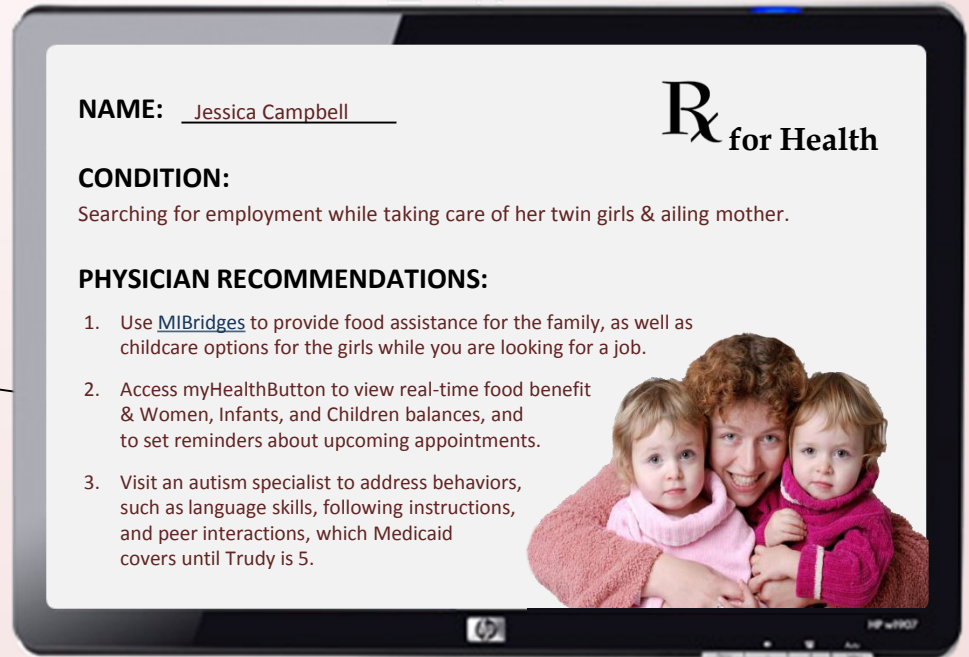

**Learning how to care for Trudy's autism**

**Primary caregiver for her epileptic mother, Viola**

**Actively seeking new employment**

**NAME:** Jessica Campbell

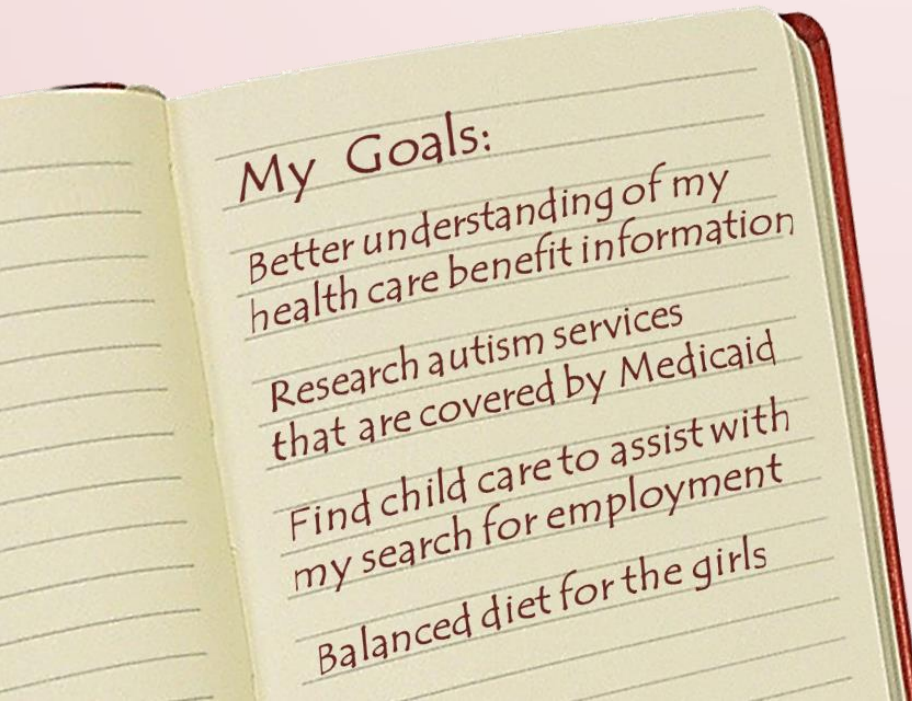

**R<sub>x</sub> for Health**

**CONDITION:**

Searching for employment while taking care of her twin girls & ailing mother.

**PHYSICIAN RECOMMENDATIONS:**

1. Use [MiBridges](#) to provide food assistance for the family, as well as childcare options for the girls while you are looking for a job.
2. Access myHealthButton to view real-time food benefit & Women, Infants, and Children balances, and to set reminders about upcoming appointments.
3. Visit an autism specialist to address behaviors, such as language skills, following instructions, and peer interactions, which Medicaid covers until Trudy is 5.

## My Goals:

Better understanding of my health care benefit information

Research autism services that are covered by Medicaid

Find child care to assist with my search for employment

Balanced diet for the girls
