

QUICK REFERENCE: ADD MEMBER

The myHealthButton app is available to members of Medicaid, Healthy Michigan Plan, MICHild, and Children's Special Health Care Services (CSHCS) served by the State of Michigan. It puts control of your health care benefits and services in your hands by providing real-time access instantly and securely.

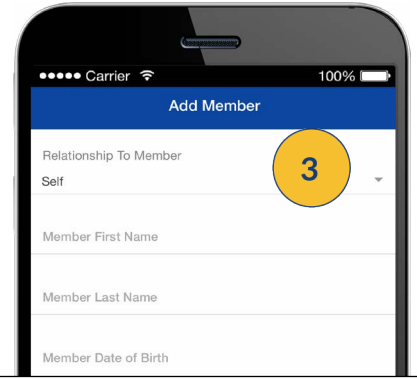

The **Add Member** feature lets you add other people in the app, like your children or someone for whom you are a caretaker, so that you can access their information, too.

1. From the **Home Screen** tap Profile in the bottom menu.
Note: For an Android device, tap the menu icon, then Profile.

2. Tap the **Add Member** icon. 
Note: Swipe the screen left and right to see available Member profiles.

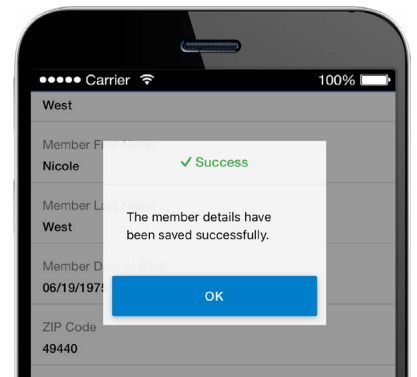

3. The **Add Member** screen will display required fields. Select a **Relationship to Member** from the list.

4. Enter all remaining information.
*Note: All information provided must match Medicaid records. For example, **Member First Name** and **Member Last Name** must match those displayed on the member's mihealth card ID.*

5. Tap the  icon at the bottom of the screen.

The **Success** pop-up will display, letting you know the member has been added.

Add Member is also available on the myHealthPortal at <https://myhbclid.state.mi.us>. If you have general questions, email Beneficiary Support at beneficiarysupport@michigan.gov or call the Beneficiary Help Line at 800-642-3195, TTY: 866-501-5656. For information about the app or more help with features, visit www.michiganhealthit.org/myhealthbutton/ or contact us at myHealthButton@michigan.gov. Download the myHealthButton app from Google Play or the Apple App Store.
